EDUCATION

MSc, Information Security	2025 – present
ITMO University, Russia · Open Doors Scholarship	
BCA, Computer Applications — First Class with Distinction	2021 – 2024
GITAM University, India · Outstanding Achiever 2024	

EXPERIENCE

Youth Panelist & Project Report Reviewer	2024 – present
EU Youth Empowerment Fund / Global Youth Mobilization	
Reviews 120+ youth-led grant proposals across Africa and Europe as a standing panel reviewer, informing the allocation of over €1,000,000 in micro-grants.	
Communication Assistant	2024 – present
Women for a Change (WFAC), Cameroon	
Leads digital campaign strategy, directing the 15th-Anniversary and Menstrual Hygiene Day campaigns and expanding audience reach to 500,000+ young people.	
Founder & Developer, EcoCityAdapt	2023 – present
KamerLark Lab	
Founded an AI-driven platform teaching climate resilience and media/cybersecurity literacy to students and communities across Cameroon.	
Young Person Co-Chair → Trainer of Trainers	2022 – 2024
Inter-Agency Working Group (ASRHR in Humanitarian Settings) · mentored by Save the Children & Plan International	
Co-chaired IAWG's global youth delegation, one of four co-chairs selected worldwide; trained 36+ partner organizations across 4 languages and co-authored the 2020 ASRHR Toolkit Supplementary Guide, reaching 13,000+ adolescents in humanitarian settings.	
AI Engineer, ProctoShield	2023
Smart India Hackathon	
Engineered a computer-vision exam-integrity system (Python, OpenCV) that placed 3rd nationally.	
Android Developer	2023
PHN Technology Pvt Ltd	
Shipped 3 production Android applications end-to-end and cut user-reported bugs by ~30% by introducing structured QA testing.	
AI & Vision Systems Intern	2023
3rd Eye Vision Tech	
Built real-time gesture-recognition prototypes (OpenCV, TensorFlow) for assistive and smart-city applications.	
Front-End Developer Lead, CodeX	2022 – 2023
GITAM University	

- Mentored 6 junior developers and shipped student-facing web tools as team lead.

Innovation & Startup Research Fellow

2022

HP Tech Ventures

- Delivered research-backed investment recommendations on African EdTech and HealthTech ventures, supporting HP's innovation-pipeline strategy.

SELECTED PROJECTS

Sealtrace

- Client-side tool sealing screenshots into self-verifying evidence capsules for scam/harassment reporting, using SHA-256 and Merkle-chained hashing. — Vanilla JS, Web Crypto API

GetRespondr

- Real-time crisis-coordination platform with AI-powered data ingestion from external sources. — Full-stack, AI

FakeAlert (NLP)

- Fake-news and hate-speech detection system, published as peer-reviewed research (SSRN, 2025). — Python, BERT, LSTM

PhishBlock

- Phishing-detection tool helping non-technical users identify malicious links. — JavaScript

KamerLark

- Verified student-housing platform for Cameroon with broker-review transparency. — React, Node.js, Firebase
