EDUCATION

MSc, Information Security 2025 – present

ITMO University, Russia · Open Doors Scholarship

Semester Exchange, Information Security Aug 2026 – Feb 2027

Parul University, India · exchange semester within the ITMO MSc programme

BCA, Computer Applications — First Class with Distinction 2021 – 2024

GITAM University, India · Outstanding Achiever 2024

EXPERIENCE

Youth Panelist & Project Report Reviewer Mar 2024 – present

EU Youth Empowerment Fund / Global Youth Mobilization

- Reviews 120+ youth-led grant proposals across Africa and Europe, assessing impact and fund compliance; contributed to allocating €1,000,000+ in micro-grants embedding gender equality, climate action, and digital innovation in funded outcomes.

Communications Specialist Sep 2022 – May 2026

Women for a Change (WFAC), Cameroon

- Amplified organisational campaigns — including the 15th-Anniversary and Menstrual Hygiene Day campaigns — to 500,000+ young people online, and co-drove #EndPadTaxNow, an 18-month AFD-funded campaign for menstrual dignity.
- Produced advocacy content and climate–SRHR policy briefs, and supported qualitative research for gender-transformative programming.

Founder & Developer, EcoCityAdapt 2023 – present

KamerLark Lab

- Built an accessible, mobile-first platform educating African youth on climate resilience and digital safety through interactive tools and AI-driven storytelling.

Committee Member 2019 – May 2026

Mifali (WFAC youth movement), Cameroon

- Led workshops and campaigns empowering young women and girls, reaching 9,000+ young people across Cameroon; secured Save the Children funding and coordinated cross-continental partnerships and rural climate-education campaigns.

Team Lead, CityMIL 2023

UNESCO Youth Hackathon

- Led a 5-person, 5-country team building a UNESCO media & information-literacy platform; won the Global Team Award.

Young Person Co-Chair → Trainer of Trainers 2022 – 2024

Inter-Agency Working Group (ASRHR in Humanitarian Settings) · mentored by Save the Children & Plan International

- Co-chaired IAWG's global youth delegation, one of four co-chairs selected worldwide; trained 36+ partner organizations across 4 languages and co-authored the 2020 ASRHR Toolkit Supplementary Guide, reaching 13,000+ adolescents in humanitarian settings.

AI Engineer, ProctoShield

2023

Smart India Hackathon

- Engineered a computer-vision exam-integrity system (Python, OpenCV) that placed 3rd nationally.

Android Developer

Mar 2023 – Jun 2023

PHN Technology Pvt Ltd

- Shipped 3 production Android applications end-to-end and cut user-reported bugs by ~30% by introducing structured QA testing.

AI & Software Engineer Intern

Jul 2022 – Sep 2023

3rd Eye Vision Technology

- Engineered a logistics-tracking tool (Python, Django) within an Agile team, improving client workflow efficiency by 25%.
- Prototyped computer-vision models (OpenCV, TensorFlow) for gesture recognition, supporting assistive-technology and smart-city use cases.

Front-End Developer Lead, CodeX

2022 – 2023

GITAM University

- Led student teams across 5+ web projects aligned to the UN Sustainable Development Goals, mentoring 6+ junior developers and raising UI/UX quality.

Innovation & Startup Research Fellow

2022

HP Tech Ventures

- Delivered research-backed investment recommendations on African EdTech and HealthTech ventures, supporting HP's innovation-pipeline strategy.

SELECTED PROJECTS

Sealtrace

- Client-side tool sealing screenshots into self-verifying evidence capsules for scam/harassment reporting, using SHA-256 and Merkle-chained hashing. — Vanilla JS, Web Crypto API

GetRespondr

- Real-time crisis-coordination platform with AI-powered data ingestion from external sources. — Full-stack, AI

FakeAlert (NLP)

- Fake-news and hate-speech detection system, published as peer-reviewed research (SSRN, 2025). — Python, BERT, LSTM

PhishBlock

- Phishing-detection tool helping non-technical users identify malicious links. — JavaScript

KamerLark

- Founded and shipped a verified student-housing platform for Cameroon with AI roommate-matching; secured a ₹100,000 grant and launched with 500+ active users. — React, Node.js, Firebase

PUBLICATIONS
