

Hilux Fokou Ngoumo

Security Researcher · Full-Stack Builder · UN Youth Leader

I build and secure technology that protects people — from disinformation and online harm to climate and humanitarian crises.

✉ hiluxfokou33@gmail.com 🔗 linkedin.com/in/fokou 💻 github.com/hiluxfnh 🌐 hiluxfokou.me 📍 Cameroon / India

PROFILE

Computer-science graduate (First Class with Distinction) and security researcher working where engineering meets human safety: anti-phishing, NLP against disinformation, exam integrity, and survivor-support tooling — alongside global youth advocacy at the UN.

EDUCATION

MSc, Information Security — in progress
ITMO University, Russia · Open Doors Scholarship

BCA, Computer Applications
GITAM University, India · First Class with Distinction · Outstanding Achiever 2024

CERTIFICATIONS

- CEH — Certified Ethical Hacker
 - ISC2 CC — Certified in Cybersecurity
 - CAP — Cert. Authorization Professional
 - Microsoft SC-900
- Microsoft AZ-900
 - Microsoft AI-900
 - AWS Cloud Architecting
 - AWS Cloud Foundations

GetRespondr
Real-time crisis-coordination platform with AI data ingestion.

Full-stack

AI

Humanitarian

FakeAlert (NLP)
Fake-news & hate-speech detection for social integrity.

Python·NLP

Trust & Safety

PhishBlock
Phishing detection for non-technical users.

Cybersecurity

JavaScript

KamerLark
Verified student-housing platform for Cameroon.

React·Node

Student welfare

EXPERIENCE

Young Person Co-Chair → Trainer of Trainers
IAWG (ASRHR in Humanitarian Settings) · 2022–2024

- One of four globally selected youth co-chairs.
- Trained 36+ organizations across 4 languages, reaching 13,000+ adolescents.
- Co-developed the 2020 ASRHR Toolkit Supplementary Guide.

AI & Vision Systems Intern
3rd Eye Vision Tech · 2023

- Real-time gesture recognition for assistive/smart-city prototypes (OpenCV, TensorFlow).

Innovation & Startup Research Fellow
HP Tech Ventures · 2022

- Research-backed recommendations for African EdTech/HealthTech ventures.

Communication Assistant
Women for a Change (WFAC) Cameroon · 2024–present

- Led campaigns expanding reach to 500,000+ young people.

Front-End Developer Lead
CodeX, GITAM University · 2022–2023

- Mentored 6+ junior developers; built student-focused web tools.

GLOBAL ENGAGEMENT

UN forums: CSW66/67/68 · COP27 · COP28 · SB58 · SB60 (Bonn) · World Bank Youth Summit 2023. YOUNGO climate negotiator; UNFCCC Youth Stocktake reviewer.
